

**NOTE:**

1 Million =  $10^6$ , 1 Billion =  $10^9$ , 1 Trillion =  $10^{12}$ , 1 Quadrillion =  $10^{15}$ , And 1 Peta Meter =  $10^{15}$

At Speed of Visible Light, the Distance Travelled by Light in One Year (ONE LIGHT YEAR) is Equal to = 9.461 Peta Meter

9.461 Peta Meter =  $9.461 \times 10^{15}$  Meters,  = Human Level value of infinity

GOD =  $\infty^\infty$ , GODLY OR GOD LIKE PERSON =   $\approx \frac{\infty}{9.461 \times 10^{15}}$

  $\approx \frac{\infty}{9.461 \times 10^{15}}$ ; Symbol of INFINITY for Godly Person Level, Eq... #1

Now it can be Stated that;

  $\neq$  ; Godly Man Vs GOD Himself, Eq... #2
