

NOTE:

$$1 \text{ Million} = 10^6, \quad 1 \text{ Billion} = 10^9, \quad 1 \text{ Trillion} = 10^{12}, \quad 1 \text{ Quadrillion} = 10^{15}, \quad 1 \text{ Peta Meter} = 10^{15}$$

At Speed of Visible Light, the Distance Travelled by Light in One Year (ONE LIGHT YEAR) is Equal to  $\equiv$  9.461 Peta Meter

$$9.461 \text{ Peta Meter} = 9.461 \times 10^{15} \text{ Meters, } \infty = \text{Human Level value of infinity}$$

$$\text{GOD} = \infty^{\infty}; \text{GODLY OR GOD LIKE PERSON} = \phi \approx \frac{\infty}{9.461 \times 10^{15}}$$

$$\phi \approx \frac{\infty}{9.461 \times 10^{15}} ; \text{Symbol of INIFINITY for GODLY Person, Eqn...} \quad \#1$$

Now it can be sated that;

$$\infty < \infty < \phi ; \text{Value INFINITY explained \& GODLY Person Vs GOD, Eqn...} \quad \#2$$

$$\text{DEVIL} = \infty - 1 = \text{DISEASE, } \text{The Diseases, which only God can Cure or Heal...} \quad \text{Eqn. \#3}$$

$$\phi = \infty^{\infty}, \text{This new Symbol that represents the Almighty God [Himself+Herself] ...} \quad \text{Eqn \#4}$$

$$\infty < \phi, \text{Godly People are far less than Almighty GOD, as you can see, stated above ...Eqn \#5}$$
