

## ਪੰਜਾਬੀ ਫੋਂਟਸ

Download Punjabi Fonts from this Link; [Http://www.microvolt.com/punjabi-fonts/](http://www.microvolt.com/punjabi-fonts/)

For Desk PC or Laptop PC:

1. First make 'fonts' directory on your c drive or network drive, it will show up like this c:\fonts.
2. Then download 'punjabi-fonts.zip' file in a fonts directory, created in first step, or you could download 'punjabi-fonts' file in your computers default download directory.
3. Click on downloaded fonts file 'punjabi-fonts' and choose location c:\windows\fonts\
4. Click on install or copy Punjabi fonts in a 'fonts' director as indicated in step 3 above.

For smart Android or Apple iPhones

1. Go to You Tube.com or google.com and search for 'instructions on how to install Punjabi fonts in Android or iPhones'.
2. Follow on screen instructions of your smart phones!
