☐ Let's Say A religion is represented by color "Blue" ,Other Region can be represented by color "RED" and another Religion if represented by color GREEN"

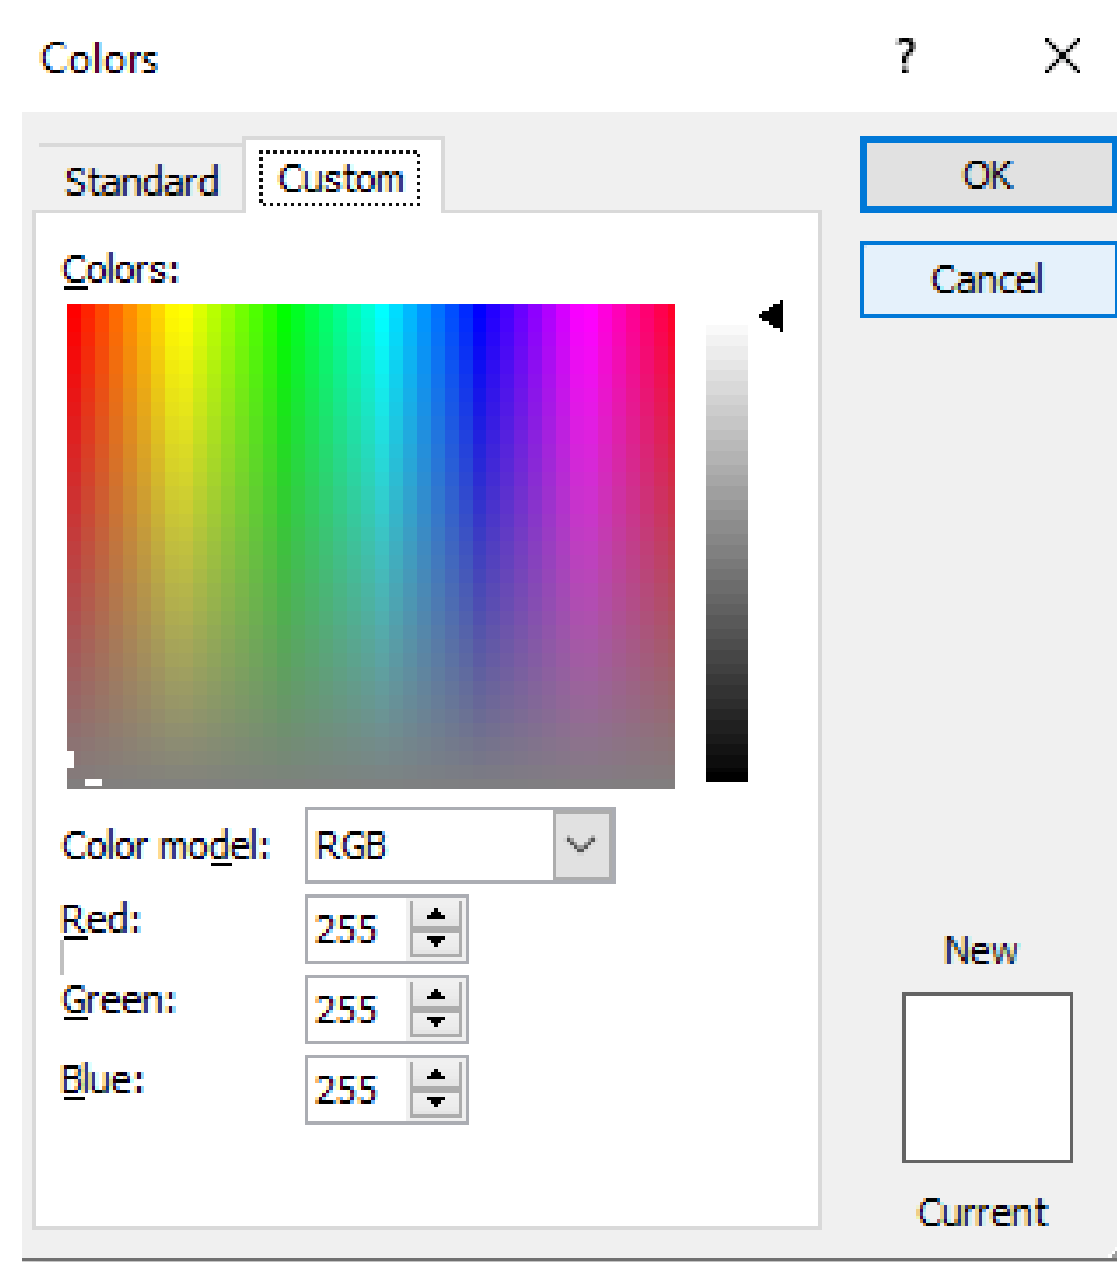

☐ Let's Say, If God that we most of us have realized, is represented by LIGHT that is white in color or daylight type light color.

☐ When Engineers wanted to reproduce millions of real life COLORS on TV display; it was determined that there are Primary THREE colors (Red, Green and Blue) of light.

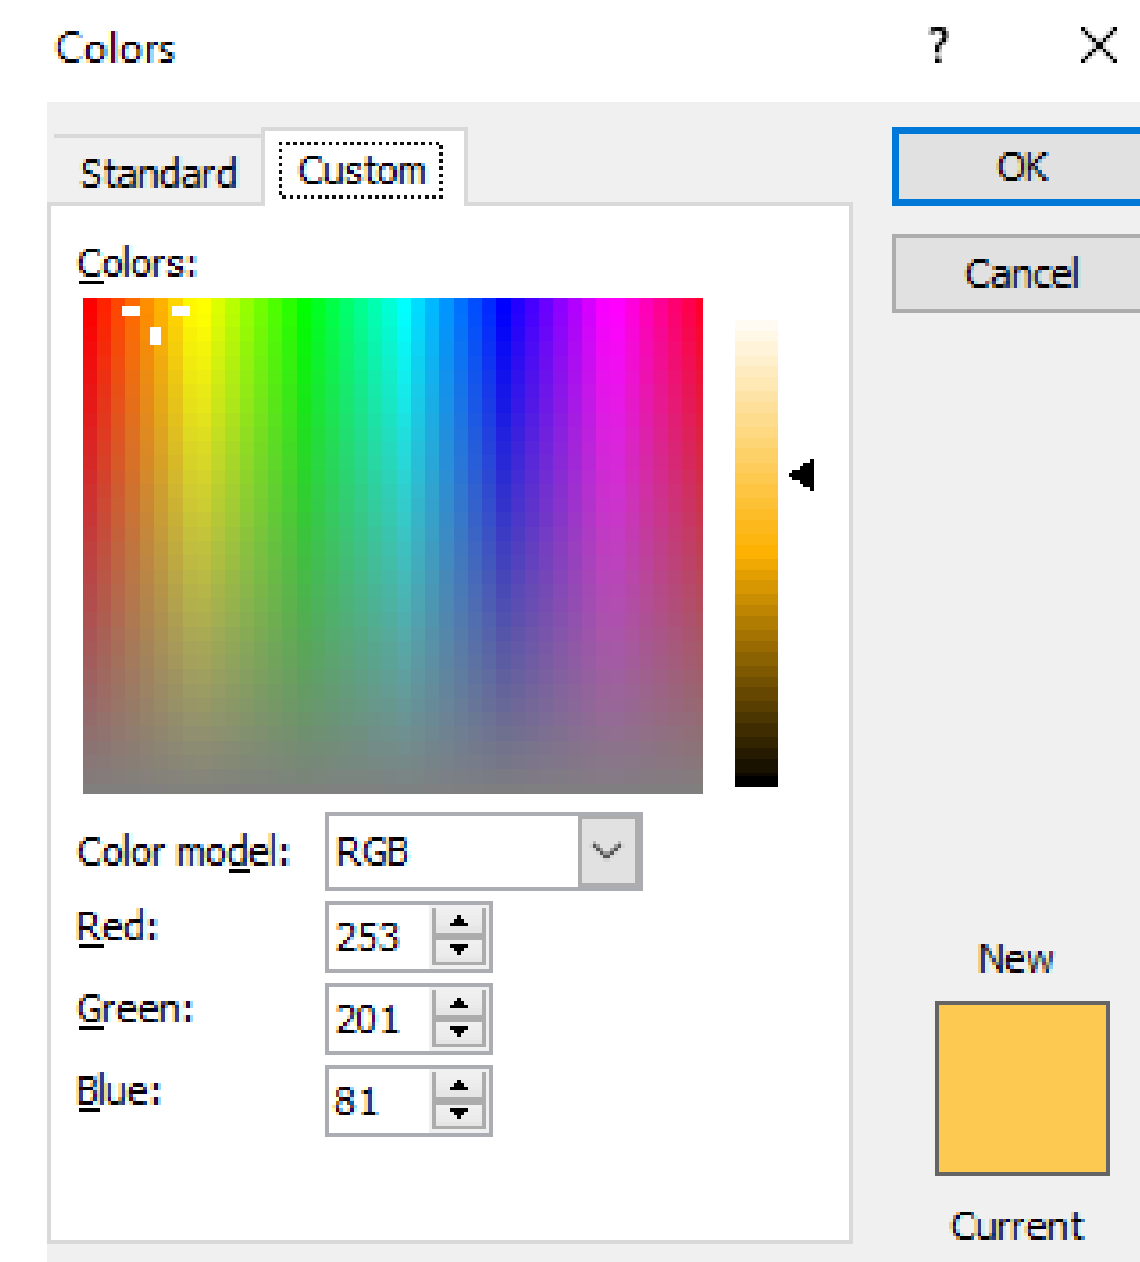

☐ Look at the pictorial of MS VISIO, what percentage of each is required to produce natural white color display. This formula is  $R\%+B\%+G\% = \text{white color}$

**NOTE:** So to produce WHITE LIGHT, it is essential that above mentioned proportions are added. In other words, One will need perfect Blue (=255), RED (=255) and GREEN (=255) to reproduce perfect white LIGHT.
