

RECOMMENDATIONS, An IDEA

Global Currency Notts/Nott (नेट्स नां नेट) and its Proposed Symbol is " ~~N~~ "

The Global Currencies values shall be determined according to this formula established on MAR-20-2022 and adopted by World body of Nations (WBN):

NUMBER SYSTEMS

GLOBAL MATHEMATICS, BASE 10 NUMBERS	
GLOBAL SYMBOLS	ARABIC EQUIVALENT SYMBOL
१	1
२	2
३	3
४	4
५	5
६	6
७	7
८	8
९	9
१०	10

The value of this global currency will be determined by GUN or WUN as follows;

Also, how much gold can buy this 1 नेट. Let's say with ~~N~~ 100 on march 20, 2022 you can buy 10 grams of Gold. Even though the actual price is more than this.

That is to say if the market value for gold (1 ounce) today (MAR-20-2200) is

\$1800.00 (\$1800.00) per ounce (or 30.00 (30) grams) this means 10 gram of gold price is \$600.00 as of today!

Now in terms of Global perspectives of GUN or GOD, the value for One unit of ~~N~~ 1.0 is equal to price of 10 grams of pure 24 carats gold which is \$600.00 and hence

one ~~N~~ (1.00 NOTT), ~~N~~ 1.00 = \$600.00 as of MAR-20-2022

Example of Value calculations in terms of US dollars.

Nation to Nation transactions shall be in this new global currency **N**. GOD or GUN shall get it exchanged through a GLOBAL network of Banks or organization. It's branches will be in any country that would like to pay a fee to become member of this Global Monetary network. In this way no one country or group of a few countries can order or manipulate global currency. It shall require authorization of GUN/GOD to set the value every day in terms of all selected few currencies for example;

As of March 20, 2022,

1**N** (**नेट**) is equal to \$600.00

1**N** = \$600 x ₹76.00 = ₹45,600.00

NOTES:

- 1.0 The one of the fundamental requirements for involvement in activities of GUN or GOD will be that either political system will be under democratic setup/rule or economic system will be under democratic system. There can be hybrid system as it is in case of most rich countries/nations. The Political system can be for all citizens and economic rule will be run by dictators or modified dictatorship which is called one man show and the label for it is AUTOCTATIC (autocracy). In other words, political POWER is democratically performed by democratically made rules, and economic power is under autocracy, which is also called One Man Rules for his or her organization(s), since it is his or her monies or resources, however, political system has upper hand, in case of legal matters. If a nation is run by dictators for both political and economic development, this nation will not be allowed to participate at GUN or GOD level or world stage. The nations or countries ruled by Dictators or Autocrats must not be allowed to be members of GUN/GOD organization. There has to be some type of DECORUM /DIGNITY or well-established global policies. These forces of dictatorship will be just disrupting the world order! Human rights etc.
- 2.0 The value of 1**N** (**नेट**) is to be determined by GOD or GUN by vote based upon all factors such as political and economic strengths. No one or a few wealthy countries shall determine the value for **N** (**नेट**)
- 3.0 The point of focus here is this that because of any political or economic strength of one or few countries shall not dictate the value of **N** (**नेट**). It's a global currency and all 190 or 200 countries shall determine from now on And forever... A global citizen can demand payments of his or her wages be paid in **N** (**नेट**) or whatever they agreed upon. For example, if a top consultant of global prominence is required to do his or business practices in several nations, without being CITIZEN of those nations, he or she can demand payments to be made in currency of his or her choice!

RECOMMENDATIONS, An IDEA

- 4.0 A clever country may try to hijack the existing norms, by establishing / organizing a TREATY of global prominence and one or more continents under its flimsy or strong wings out of all world-recognized continents such as Arctic, Antarctica, Europe, North America or Asia, Middle east, Africa or Arabs etc. It has to be all continents and all treaty organizations have to participate at Global scale either directly or indirectly. For example, every country may be backed by a TREATY amongst its buddies (Nations) etc. GUN or GOD shall take a vote on global level on a democratic type rule of Global level!
- 5.0 Any other updates can be added here as system matures!
