## OBSERVATIONS ABOUT MOST OF Indian SONGS or CULTURE are these...

Most of the songs are sung by Hero & Heroin and they sound like they are singing about the real issues they are facing in everyday life in their homes! However, the political system is so rogue /Bad in that country that these songs may play day and night thousands of times and nothing matters to deaf ears of rotten Political System. which is a rotten system for centuries!

The melodies of Indian songs are romantic, historic, Sad or bravery etc., or any other genre that is relevant to all not only ONE STUPID , Brutal or Cruel RACE. That is very unjust and cruel for ages more than 1000s of years, towards non-whites! Don't go by outer beauty go by inner beauty not ugliness!
