

- ◆ What do you think of that look very beautiful from outside but many times ugly on the inside?
- ◆ It does not matter what you may have or possess, what will matter most in practical life, is what you give!
- ◆ AS in your own godly family, when there are many children, you love all equally, however, devil will treat each one differently!
- ◆ God does not do anything out of ego, however devil does out of ego, everything, no matter what!
- ◆ Godly behavior is always good and Devilish behavior is always bad, no matter what.
- ◆ God and devil do not differ in power only, they differ in how big is the grace of giving and devil is bent on all negatives in life.
- ◆ God always does best for its humanity, however, devil is opposite..
- ◆ God and devil will always differ, otherwise there will be no difference between God & devil
- ◆ Your actions will always speak louder than your words!
- ◆ Beyond Absolute, there is Only one possibility, that is God, everything else is rubbish or devilish..

What you give, that defines your character?

You may look very beautiful, but that's not every thing!
More important, that counts more is always your intentions!

Your greatness is not what you have,
but what you give.

Might is right Employers

Poor & Helpless. Timid (Suppressed Voters),
and Poor Beggars, that are just mere food for
thoughts for Affluent Beggars or Rascals!

☞ | It's true ~~not apparent~~ that; All Material Elements, in chemistry chart, are forms of, 'ONE' universal Element. This is present in **key/prime**, planets and stars, especially **black holes** | ☞

☞ | It's true for chemistry elements and also for all of His creations, such humans, birds etc. | ☞

GOD OR ALMIGHTY IS NOT RACIST!
 HUMANS ARE RACIST, SO, WHAT DO YOU THINK OF GODLY PEOPLE AND GOD!
 WICKED WEST VS WICKED EAST... How do you find out, which one is less wicked?
 Look at their actions over a period of atleast 100 years!
 How about Women vs Women of Both West and East?
 How about attitudes of women towards western or eastern men?
 Devil operates in this range -∞ to 0, However doesn't Know about it!
 God operates in this range 0 to +∞, However Knows about Devil's range!

AN EQUATION OF UNIVERSE-->
 FOR ABOVE MENTIONED FACTS

$$i_b \left(\frac{\partial}{\partial t} (\ddot{u}) \right) = B \ddot{u} \quad \text{----- Chaman's eqn. of Universe}$$

Lim N-> -∞ to +∞

or clearly...

$$i_b \frac{\partial^N}{\partial t^N} \ddot{u} = B \ddot{u} \quad \text{ਚ ਭਾਰਦਵਾਜ}$$

Lim N-> -∞ to +∞

Where \ddot{u} is a $f(N_y)(X)$, x is DNA equation, N_H is a constant for humans, $y \rightarrow B_i$ for Birds, V for virus, A for animals, B_a for bacterium, and so on.

You're the driver of your career. I'm just the GPS that helps you find the best route.

It takes minimum two forces /elements to make anything move or revolve. A vehicle needs fuel and oxygen to work together, to make it move!

As it is true for vehicle and hence it is true for black holes or else!

Dialogue is better than Monologue, that's why God alone would not do everything. Look around you, all stars, planets and Holes, He created; Creation becomes complete with Him and us all

Look at yourself, You and your imagination, makes vivid images, which helps to invent or create what you can realize to solve technical issues!

When you see your surroundings very hygienic, that have been imagined by someone and hence given shape by someone at a cost of doing or making it real...

You might have heard, people say, we can't do it alone...that means every body has a role to play to make it complete..

It is not always necessary, that one has to loose, Both or all can be winners, small or big...

Both can be equal or unequal, the important factor is that both must complement each other. If you think you will eliminate that does not fit your mold, that thought will eliminate you one day!

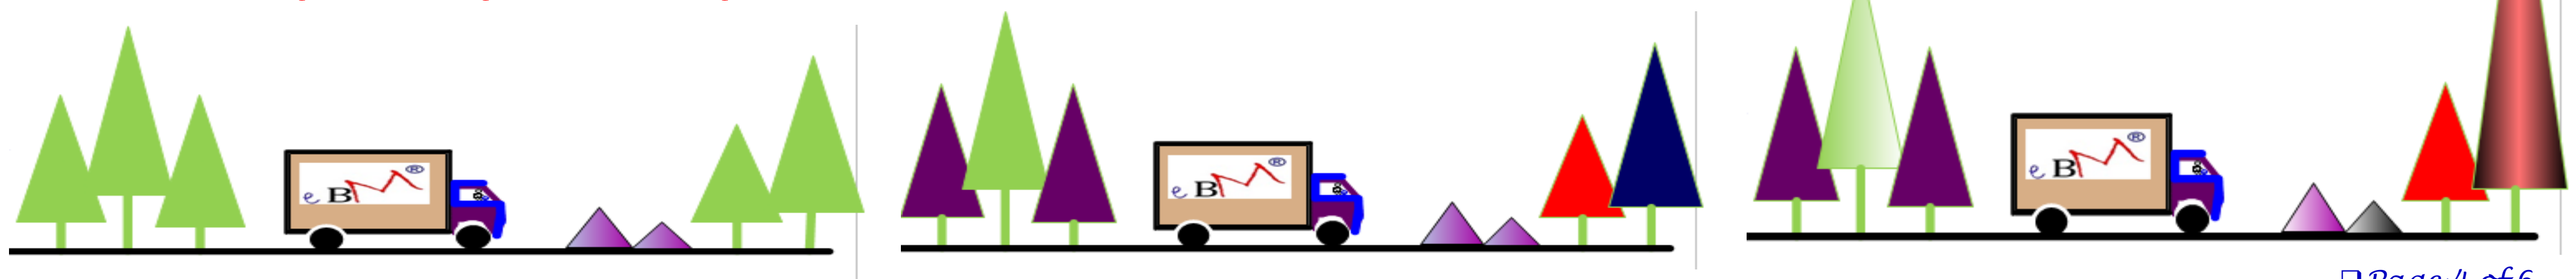

It may seem to you that you are very big as compared to little ones, even God may seem to be little one in a split moment, just look out there in a jungle, one lion becomes terrified by ten monkeys!

Imagine there are no other countries, that there is only one race, as you know it has been tried in 1940s.. What happened to that ideology or variations that of earlier or later today!

Either you can believe in what you want or live as it has to be, choice is always yours; follow your inner voice or your minds assertions!

If you see a real and for a fact genuine A 'Hole, Respect that one by saying either BIG BOSS (Devil), LORD, or RAAVAN or GOD! For giving all the unpleasant physical sensations and Chemicals!

It appears for most and for real for a few only, that you are the driver of your Luck /career. He is your GPS that guides your way to where you want to be!

Let's say some one with single track mind figures out how to destroy planet earth, when a single track minded person arrives at Planet Mars!

You may be able to do that, what has been said above, However, Almighty can recycle His whole Galaxy (ies)! Mars, looks like a grain of sand from that perspective!

Look at the right side pictorial, that's what a single track mind will do always!
