

God is Kind, Gracious, Fearless, Colorless, Formless, Beyond our Limited Imagination, & Almighty

God Created Whole Universe Around Us and Us in this Universe!

All Creation is Governed by His Gravitational Phenomenon, Invisible & Uniform RULES

Earth Needs it's Star to Co-exist, Star(Sun) needs, Black Hole to Co-exist, Black Holes Need Source!

Have you seen Slinky, it needs a Nudge to start then it rolls on by itself, that's how our Heart is!

GOD is a Giver, One can give What they have, Its important to be Uniform and Fair Always.

Humans Have Limits, can and should try to be Like Him, but Can't Be ALMIGHTY

Humans can realize His presence by virtue of Nudges, Soul, Flesh etc.

It's true that Scriptures are revealed to His Favorite and chosen Ones!

Our alignment is Extremely Important, Ask every Moment Who do we Align to ?

Now Imagine Humans from Birth to Adulthood & Beyond, When Handholding is needed

At its Practical Level Human needs to learn from His rule on left side of His Principle
