[3:54 PM, 3/10/2022] Chaman Bhardwaj: When media is reporting only Negative news and not balanced news. It's called divide and see tamasha in favor of media and rulers at that time. it must be a reflection of ruling parties' politics. Media report presents an independent witness not interesting witness. also see www.microvolt.com. Is your constitution in favor of divide and label? If not then what's legal vs illegal politics! Do you need another foreign rule or power like Muslims, Arabians, Hindus, Sikhs, or Christians remind you at elections or at self-government anniversary another Name like Hindustan, India, Bharat and what will be next label based, upon your alarming **actions or no actions...**?

[3:54 PM, 3/10/2022] Chaman Bhardwaj: When you go for their signature on an official certificate. You as an ordinary pawn, have to please them and bribe them. These autocratic heads, let's call them mini kings. These are protected species, about what you will hear in the west as wild or natural protected species. Since these are declared to be endangered species, by international wild life protection agencies. These protected species also known as lousy administrators, would love to waste your precious money or valuables and time on non-sense traditional barriers to progress. The wastage of time and money of your poor folks just to please the autocracy. At least the time spent on non-sense autocracy could have been used to find innovative Solutions to age old problems of oxygen shortage etc.

[3:54 PM, 3/10/2022] Chaman Bhardwaj: You see if we can call this " RIP philosophy ". Just SHANTI OM SHANTI". AND The parallels of this shanti om shanti that is SOS, is racism. This racism is owned by people who look white on the outside darker than black on the Inside of them. Some these darkest in their inner sanctums do not know the difference between the ass hole and real one for pleasures of life.
